## Introduction:

Welcome to the document outlining the project, "T20 Totalitarian: Mastering Score Predictions." In this endeavour, we aim to seamlessly integrate T20 cricket and advanced machine learning to deliver accurate score predictions. As a foundational element, we present an Empathy Map, meticulously crafted to comprehend the nuanced needs and aspirations of our target audience. This strategic guide will steer our development process, ensuring the creation of a cutting-edge, end-to-end machine learning solution that aligns with the highest standards. Join us on this journey as we navigate the intricate intersection of sports analytics and technology, guided by the precision of the Empathy Map.
